the angel's share

(n) the amount of whiskey, cognac, or any barrel-aged alcohol offered to the heavens over the natural course of the aging process

Introducing a supplemental, separated menu price increase—not subject to tax or gratuity—necessitated by the challenges that have continually threatened us since 2020.

This 7.5% is used to directly increase kitchen wages and is a building block for creating more equitable wages for our hard working people while the pooling of gratuities amongst all employees remains illegal in Massachusetts. It is optional should you wish it removed. We hope you share our vision and will continue to tip our incredible team generously.
